

VISUAL MITIGATION PROGRAM RESPONSE FORM

Colonial Gas Company d/b/a National Grid will be beginning construction of the Sagamore Line Reinforcement Project, Western Segment Phases I and II (the "Project"), in your area. In compliance with the Energy Facilities Siting Board and Cape Cod Commission Final Decisions approving the Project, National Grid is offering, at no cost to the property owner, visual mitigation through vegetative screening to property owners within 300 feet of the Project whose views toward Route 6 have been materially affected.

Homeowners who express an interest in participating in the program via this form will be contacted by a National Grid representative. The National Grid representative will schedule a meeting with the property owner at the residence to determine the property's program eligibility and discuss appropriate next steps.

National Grid is reaching out to you pre-construction, in an effort to expedite the visual mitigation process for you. However, if you would prefer to wait to explore the visual mitigation program, please indicate this below and we will contact you again after construction has begun.

PLEASE INDICATE YOUR PREFERENCE AND SIGN BELOW

_____ **Yes, I DO want to** have a Project Representative contact me to discuss the details of this program and determine if my property is eligible.

_____ **No, I AM NOT interested in the Visual Mitigation Program.** If you check this option, National Grid will not contact you again about the Visual Mitigation Program.

_____ **I would like more information about the Visual Mitigation Program before I indicate my preference.** Please have a Project Representative contact me after construction has begun.

Property Owner(s) Name:

Mailing Address:

Phone Number(s):

Email Address: _____

Best Days/Times to Meet: _____

We ask that you complete this form and return it in the enclosed self-addressed envelope at your earliest convenience so that we can schedule a time to meet with you as soon as possible. *If you indicate that you are not interested in visual mitigation, National Grid will not reach out to you a second time.* If we do not hear back from you by May 15, or you indicate that you would prefer to wait to discuss mitigation until after construction has started, National Grid will send another response form to your address after construction has begun. Thank you in advance for your prompt response. We look forward to working with you.
